FEATURES

Keen Intuition: When you take a Test to identify a lie or avoid a trap, add +3 to the roll.

Whip Expert: You can use your whip to wrap around objects and either pull them to you or pull yourself to them depending on their weight and size.

Yoink: As an Action, spend 2 Stamina and make an Attack with your whip. On a Hit deal your Base Damage and if you are at most 1 size smaller than the target, knock them Prone. On a Clash, deal half of your Base Damage and choose an ally to Expose the target to until the end of this Round.

Born on the Water: Double your normal swim Speed and you can hold your breath for twice as long.

Knotty: Gain +3 on Tests to tie knots.

Sea Legs: You cannot be knocked Prone by environmental effects. If an enemy would knock you Prone, you can spend Fortune's Favor to immediately end the Prone condition.

Adaptable: Pick an extra Novice Feature at level 1.

Resilient Immune System: You can spend Fortune's Favor to automatically pass one Test to resist a disease.

Daring: On 3 Tests per R&R, instead of rolling dice, flip a coin. If you win the flip, you pass the Test. Otherwise, you fail.
